

Im not sure if black people commit a disproportionate amount of crime compared to other races i haven't looked at official crime statistics or anything. But lemme say yall on camera in 4k a LOT. Recording yallselces half the time. If you record someone committing a crime and post it on the internet that's dry snitching

Over the years straight men have adapted to being around gay men like when a straight dude sees 2 dudes making out our stomach turns. Gay men got to adapted to be around straight men. Like tone that shit down 2 levels. Don't hide it just chill

without black people.. I first couple arrested

friend for stealing bikes then my black and
Spanish friends for robbing some kid. But
oddly enough my Asian friends ended up
being more criminal than my black and
Puerto Rican friends. This is how I talk if u
don't like it u can go fuck yourself.

I found a legal way yo enslave people if you want to feel like an old slave master. You get a homeless person and give him some change but make him do something. Slaves got paid it just they got paid a little

If you haven't shit yourself in the lazy 5 years you gotta learn how to take some risks in life. Let's say the average person farts 10 times a day. At least 3650 a year over five years is like 20000 times. You telling me all of those were dry? And if so

Can we relearn how to use a dictionary? If I call u a stupid dumb bitch and say men are better at sports it doesn't mean i hate women. I love my mother and and my hoe's. I just don't like ur dumb ugly purple haired ass. And homophobia phobia is a fear of u dumb fucks i usually aint never scared of gay people but yea I can be homophobic under certain circumstances like in prison. Or let be start feeling woozy after some gay guy bought me a drink I'd be terrified.

I'm not transphobic as in scared of trans but a trans can scare me. But so can a ugly ass man or woman.

Girls think guys lost like it when your too nice cuz we think you're easy or boring and to fast. But it's actually cuz we know the ones that do that are crazier. Is this racist? When I see a black dude holding a book. First thought is seems like a good dude. When I see a black dude holding a Bluetooth speaker and the shit is o

Chickens take 3.73 seconds to bust a nut and they are basically slightly jogging free meals. So busting quick is an evolutionary advantage

Ever saw a fancy looking pigeon. Look so fancy u feel like u gotta call it pheasant

They thems call you homophobic for not accepting their reality ima start calling them hereophobic for now accepting mine. What u wanna do fight? We got the numbers

All south American people call all Asians chino which translates to Chinese. So I've decided to call all south American people Mexican. Fair is fair right? But moving on any new Yorker on the subway has seen a Mexican lady selling candy on the subway. Most of them have babies. I feel like that's statistically impossible. Like some of them **MUST** be borrowing them babies or kidnapping them or something.

In black people language i like those shoes is a compliment. I like them shoes is the first half of a robbery. If the second question is what size are they. Your cooked.

Road rage turns me into a diabolical racist homophobic psychopath. If I see a straight guy driving crazy in my head I'm like I hope you've had a great life a wife 2 kids and I hope your car flips with you and the other 4 people in the car. And my Asians and math people know hey 2 kids and a wife is only 3 other people. Yeah turns out the wife was pregnant and you didnt know. You know why I want that so your family can miss someone they don't have a face for. Pro lifers are like still 3 people

I would believe Carmelo Anthony was

defending himself if he was in the hood

You know how sometimes your neighborhood bum will yellow at you. OK maybe not at you but in your direction. I like to dress up as a homeless dude, put in some rubber gloves and basically be in a homemade hazmat suit and go pick fights with them. Cuz they always wanna fight then I'm dressed nice and don't wanna get not bum juices on me and I feel like they know that I've never been dressed bad and had an altercation. So I feel like their picking on me

I like to scare black people. Like your dog is so beautiful she almost too pretty to eat. Back in my home country we'd name you lunch. Then they get mad like don't talk to my dog like that. Then I say yo I'm just kidding I was born here and I've only been

to Korea like 14 times..

I feel like the Indians that were to dumb to become doctors all became meter maids

Pepsi is so trash that they had to buy KFC to force you to drink it

Chinatown is the only place in the city where it's names of streets instead of numbers. It's like the white people were like these Asians are good with numbers let's fuck with them by naming all the streets after random shit. Like canal and Lafayette

It's reported statistically that black people coming 200x more violent crime to whites

Im from the era where you used to buy a thousand dollar desk top and watch porn on it until it ran slower than a paraplegic with als and then had to throw your computer out.

Going to the nurse in elementary school to get my mom to pick me up first time was so easy. My ass didn't think my mom would know I was bullshitting after the third time she was like so what.

I think liberals like being miserable. Like I saw zorhan mandami giving the middle finger to the Christopher Columbus statue.. to be mad at someone who died 500 years ago you would have yo be looking for something to be mad about..like he was running for mayor. He took time out of his day for that
